

## **NORTH STAR BLUESCOPE STEEL LLC**

### **Certificate of Compliance**

**Directive EU 2015/863 of the European Parliament and of the Council**

**of the Restriction of the Use of Certain Hazardous Substances**

**in Electrical and Electronic Equipment and California Health and Safety Code Section 116875**

January 9, 2026

Dear Valued Customer,

On June 4, 2015, the European Union released Directive EU 2015/863 to amend Directive 2011/65/EU, *The Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment*, limiting the use of Lead, Cadmium, Mercury, Hexavalent Chromium, Polybrominated Biphenyls, Polybrominated Diphenyl Ethers, Bis(2-dethylhexyl) Phthalate (DEP), Benzyl Butyl Phthalate (BBP), Dibutyl Phthalate (DBP) and Dilsobutyl Phthalate (DIBP) materials in electrical and electronic equipment that is dependent on electrical currents or electromagnetic fields in order to fulfill at least one intended function, sold in Europe after the date of July 1, 2006. In addition *California's Health and Safety Code Section 116875 (commonly known as AB53)* has adopted the requirement of lead content < 0.25% for construction materials that come into contact with water. North Star BlueScope Steel of Delta, Ohio, USA hereby certifies that all of our coiled steel products are manufactured in accordance with applicable ASTM Specifications. Furthermore, we certify that our products are either free of these restricted materials or contain trace amounts of these restricted materials in quantities well below the permitted levels in both standards, also referred to as RoHS3.

If you have any questions or require further analysis or action, please contact your North Star BlueScope Representative.
